Sainik Public Senior Secondary School   2018 - 2019

HIGH SCHOOL

Sainik Public Senior Secondary School   2015 - 2016

OBJECTIVE

To obtain a challenging position that fully utilizes my skills and provides me with suitable opportunities to grow my technical and communication skills which would help me to grow while working towards the organizational goals.

EXPERIENCE

NAGARRO | INTERN (MARCH 2023 - OCTOBER 2023 (8 MONTHS)

Key Responsibilities
- Develop websites using Angular framework.
- Develop API for backend using .NET framework.
- Manage Microsoft SQL Server database for the applications.
- Write reusable and efficient code.

PROJECTS(PERSONAL)

1-) SIGN LANGUAGE DETECTION

April 2022 - August 2022
- It is a Deep Learning/Machine Learning project which is build using CNN (Convolutional Neural Network).
- The model is trained on American Sign Language.
- The model is able to classify the different sign gestures.

2-) RECDER

October 2021-December 2021
- It is a Machine Learning based project which uses Apriori algorithm, which is based on association rule learning.
- It is basically a recommender system that can recommend the shop keeper to arrange the items in the store more efficiently according to the association rule of two items derived by the model.
